The Benchtop multi-purpose lubrication and used oil tank is excellent for use in areas where maximum use of storage and work space is needed. These UL-142 Listed tanks are constructed of quality steel with heavy duty work surfaces and equipped to accommodate hose reel, pump, gauge, and fill cap accessories.

A complete selection of Containment Solutions storage systems are available nationwide. Our experienced sales staff is ready to assist you in selecting the tank best suited to fit your needs, or to custom design a complete system for you.
