

## Want to better understand the underground storage tank installation process?

This educational training course, in conjunction with our Installation Instructions and Operating Guidelines, photography, and video clips, will help you gain a better understanding of our UST installation process.

Additionally, at the end of the course, you have the option of taking a multiple choice exam to see how much you learned.

[Containmentsolutions.com/Regulator-Training](http://Containmentsolutions.com/Regulator-Training)

Containment Solutions is proud to introduce our first online educational training course for the Regulator Community!

The course takes approximately 45-60 minutes to complete. The exam takes an additional 30-45 minutes.

Your feedback is very important to us and is essential in making this e-course an effective resource. You can contact us at (877) CSI-TANK or email [marketing@csiprducts.com](mailto:marketing@csiprducts.com) with your suggestions.

If your agency would like a Contractor Training presentation, please contact Containment Solutions at (877) CSI-TANK.

This Online Educational Program is a resource for Regulators to become more knowledgeable in the techniques and best practices of installing USTs. It is a condensed summary of the critical parts of the installation process used in our Contractor Training Program.
