

**Employer Profile Description:**

**Job Title:** Tester/Loader

**Location:** Tulsa, Oklahoma

**Containment Solutions, Tulsa plant, is seeking a Loader.**

**Job Functions:**

Performs pressure/vacuum and other final inspection tests on finished tanks. Selects finished goods according to order and loads them for shipment to customers.

**Essential Duties and Responsibilities:** (Other duties may be assigned)

- Performs pressure/vacuum tests and visually inspects tanks.
- Performs annular space tests and inspections (including, but not limited to, gas flow, gas particle trace, vacuum, pressure, etc.).
- Performs inside tank inspections.
- Adds brine to annular space.
- Places tanks on hold that do not meet visual or other tested standards. Reports same to appropriate personnel.
- Selects correct materials according to order.
- Checks shipments onto trucks, trailers, or rail cards, sing prepared bills of lading or other papers. Fills in trailer and UL number on order.
- Loads and/or ships product against orders and makes final visual inspection for accessories, defects, misalignments, etc.
- Manually loads, unloads, or stacks materials.
- Delivers materials in the plant.
- Completes reports, records, orders, and other papers.
- Operates material handling equipment. Performs operator inspection of forklift on each shift; checks fluid levels and various forklift component systems for malfunctions; replenishes fuel supply. Completes daily vehicle inspection forms.
- Makes minor tank repairs (including, but not limited to, patches, relabels, etc.)
- Participates in the safety and good housekeeping programs as established within the plant.
- Performs other related duties consistent with the nature of the job as directed by the supervisor.

**Qualification Requirements:**

- High school diploma or equivalent preferred
- Good communication, organizational, time management mathematical skills
- Dependable and reliable
- Inventory, equipment maintenance, data entry and computer skills may be required.

**Physical Demands and Work Environment:**

**Physical Demands:**

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

While performing the duties of this job in the plant, the employee is frequently required to stand; walk; use hands to finger, handle, or feel; reach with hands and arms; climb or balance; stoop, kneel, crouch, or crawl; talk or hear and

smell. The employee must be able to lift and/or move up to 50 pounds. Specific vision abilities required by this job include close vision, distance vision, color vision, peripheral vision, depth perception and ability to adjust focus.

**Work Environment**

The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

While performing the duties of this job in the plant, the employee is exposed to wet and/or humid conditions; moving mechanical parts; high, precarious places; fumes or airborne particles; outside weather conditions. The noise level in the work environment is usually moderate.
